Product Description

Woods 72" Precision Super Seeder - PSS72

Save Seed

Get an exact seed rate before planting with Woods Exclusive Seed Calibration System. No wasted seed. No guesswork.

Save Time

Woods Exclusive system for one-pass planting allows you to prep your seed bed, plant your seed at different depths, and culti-pack for optimal seed to soil contact.

Plant with Precision

Choose between cool season, native warm season, or legume seed boxes. Select the right tillage tool for your project, and plant up to three types of seed at two depths simultaneously.

1. Engineered Quick-Hitch Ready from the factory. No additional hardware is required to use your quick hitch, so you can get in the field and get to work.
2. Woods Exclusive Interchangeable Front Tillage tool to match your planting application. Choose spiked roller or disc harrow.
3. Optional Row Planting Kit gives you flexibility to plant in rows or broadcast.
4. Adjustable Seed Rate to meet specification for your seed type.
5. Adjustable Planting Depth to plant seeds at an ideal depth in a single pass.
6. Three Different Seed Cup Types ensure precise application rate with almost any seed size.
7. Optional Mud Scrapers prevents mud build-up on the spike drive roller, disks, or cultipacker.

Note: Model shown does not include optional native warm-season seed box.
