Product Description

Massey Ferguson® MF 1M.25 Sub Compact Tractor

Perfect for municipal, equine, and leisure industries, as well as estate management and groundcare, these machines operate with smooth efficiency in confined spaces, low buildings and areas with restricted access. They come with features that enhance convenience and ease of operation to save you time and give you the versatility you need to handle any task your day serves up.

- The MF 1M series offers two models tailored for your needs: the MF 1M.20 with 20 hp and a mechanical 9F/9R transmission for precise control, and the MF 1M.25 with 25 hp and a hydrostatic transmission for smooth, effortless operation. Perfect for enhancing your productivity.
 - The ROPS is available on both models, while the MF 1M.25 offers an optional cab. Both models provide operators with exceptional visibility and easy-to-reach controls, with an adjustable steering column ensuring a comfortable seating position.
 - With a main pump delivering 20.9 l/min and a steering pump at 12.3 l/min, both models offer up to 2 spool valves and lift capacity up to 900kg.
 - Ease of access and straightforward routine maintenance is possible thanks to the one-piece bonnet that will stay in a fully-opened position, whilst checks and servicing are being carried out.
-
