Product Description

Massey Ferguson® MF 2E.50 Tractor

The Massey Ferguson® E Series tractors deliver real capability without unnecessary extras. Whether you're a first-time tractor buyer or a seasoned landowner looking for dependable performance, the Massey Ferguson E Series tractors offer the power you need to achieve your property dreams — without the premium price tag. Designed for everything from mowing and hauling to landscaping and property maintenance, these tractors provide the perfect balance of performance, ease of use and cost-effective ownership.

- Need to move mulch for your landscaping project? Clearing a driveway after a snowstorm? The MF E Series makes quick work of common property maintenance tasks.
 - Side-by-side hydrostatic pedals, an ergonomic control layout and a straightforward transmission choice make operation effortless — even for first-time users.
 - A durable Iseki diesel engine, a reinforced frame and increased lift capacities let you handle bigger jobs confidently.
 - The MF E Series delivers essential features that matter — without costly premium upgrades that many users don't need to get the job done.
-
